

## **STATERA Nominated for the 2009 CSIA Apex Awards**

### *Outstanding Work in Business & Technology Consulting Leads to Recognition*

Englewood, CO – May 13, 2009 – Statera announced today it has been nominated for the 2009 Apex Awards, the prestigious technology awards recognizing outstanding accomplishments and leadership by Colorado’s advanced technology companies and professionals. The winners will be announced on June 9, 2009 at the 9<sup>th</sup> annual Apex Awards.

Since the program’s inception in 2000, CSIA’s Apex Awards have expressed well-deserved recognition for the numerous technology company success stories and technical advancements produced in Colorado. Presented in six categories for companies and five categories for professionals, the awards recognize success, innovation, vision, leadership, excellent customer support and community contributions.

“We are honored to be named a nominee for these prestigious awards that recognize technology excellence,” said Carl Fitch, CEO at Statera. “Despite challenging circumstances in the economy, our team continues to develop innovative solutions for our clients that enable them to drive costs out of their business over the long term. We are very excited for the opportunity to celebrate success and perseverance in the Colorado technology community at this year’s Apex Awards.”

“Colorado has many success stories, and it’s important to recognize the companies and professionals that drive the Colorado technology industry,” said Su Hawk, president, CSIA. “Our Apex Awards provide the industry a once-a-year opportunity to celebrate their success, and generate awareness around these notable companies, which include Statera.”

#### **About Statera:**

Statera is a business and technology services and solutions provider Headquartered in Englewood, Colorado and is dedicated to serving clients in the Western United States. Statera was founded on the fundamental principle that technology is simple, people are complex. Every solution developed by Statera begins by taking the time to discover and define the true needs, challenges and goals of each and every business we become partners with. It’s this distinctive insight that allows Statera to find the right balance between people, processes and technology that creates optimal performance, nurtures clients for life, and reaches strategic results through today’s most powerful technology solutions. Founded in 2001, Statera currently employs 220+ people with offices in Dallas, Denver, Phoenix, Salt Lake City and Seattle. For more information, please visit [www.statera.com](http://www.statera.com).

#### **About CSIA:**

CSIA is Colorado’s Technology Association and works on behalf of the entire technology industry in Colorado; providing connections, insight, advocacy, and competitive edge programs and services to help technology companies succeed and prosper. CSIA is involved in legislative issues and public policy to ensure this large industry is represented. CSIA also provides a number of annual programs, events and connections to support business success.
